REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: While the prior art of record discloses isomeric compounds that are used as intermediates, none of the prior art of record teaches or anticipates the specific optical isomer claimed in allowed claim 20. There is no motivation in for one to modify the prior art intermediate compounds in a manner to afford the instant compound or render the compound obvious, *In re Lulu*, 223 USPQ 1257. Nor do any of the references of record enable one to obtain the compound of allowed claim 20.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
